

## Our Mission

### Sparking a love of good food and cooking in kids!

At Kidstir, we believe in getting kids in the mix — after all, the more opportunities they have to try new things and build life skills, the happier and more confident they'll grow up to be. But we're also parents who 100-percent understand that it can be near impossible to create those moments as often as we'd like. It's easy to keep putting

them off...until they never happen at all. That's exactly why we launched our monthly cooking kits in 2014. Consider each delivery time in a box, a simple reminder to put the rest of life aside for a moment so you can learn, laugh, and explore with the little people you love most.

## What We Offer

Our boxes help kids practice real life skills, while learning about other cultures, science, history, and more!

Little chefs can collect their recipes in their own **Cookbook**, to stay organized and enjoy their dishes for years to come. Available for \$19.99, or free with a 12-month membership.

Add on a  
cookbook  
binder!

Our monthly boxes include 3 recipe guides, a Foodie Fun magazine, kid-friendly, high quality cooking tool, fresh food grocery list, Wordstir family card game, and collectible achievement stickers.

- > Prices start at \$19.99/month for a 12-month membership.
- > Monthly, 3-, 6-, or 12-month plan available. 6-month terms include a free oven mitt, and 12-month terms come with a bonus apron & mitt set.
- > Classic Cooking Kits, our biggest past hits, are available for individual purchase. No membership required!

Our educational resources help homeschoolers plan creative activities and unique content for their family. Each lesson plan matches the monthly kit's theme.

Members enjoy bonus recipes, digital shopping lists, grocery discounts, and more when they are part of the Kidstir family.

Our Refer-A-Friend program provides a \$20 credit for members and a \$20 starting discount for friends.

**Kidstir has been lauded by** Food Network, Parents, FamilyFun, All Recipes, Better Homes & Gardens, Inc, NY Times, LA Times, Chicago Tribune, Dallas Morning News, Sirius XM, CoolMomPicks, SheKnows, BabyCenter, BeliefNet, Grandparents.com, Dr. Toy, AblePlay.org, Special Needs Magazine, **and more!**

**We ship internationally!**

## Educational Resources

### Homeschool Lesson Plan

Bento Box

Each month we offer at-home curriculum inspired by the theme of our cooking kits, and which offer enriching content students of all levels can enjoy. Kids can look forward to interactive activities and learning about a variety of subjects. Each lesson is an adventure in the waiting!

### Snapshot of a monthly lesson plan

- Math worksheets inspired by Japan's delicious food, unique culture, and most popular sports
- Geography trip: explore majestic mountains, historical sites, and meet the island's unique wildlife
- Learn about Japan's coolest scientific inventions, including high-speed trains and digital cameras
- Can you say "arigato"? Learn Japanese's special alphabet and pick up expressions that don't exist in English
- Get creative! Discover calligraphy, or draw your own anime characters

### Our Lessons Include

Math

Science & Geography

History & Culture

Arts & Crafts

Languages & Literature

Virtual Field Trips

### Testimonials

"I am impressed with the educational impact of Kidstir. The hands-on parent/child activities present a welcome alternative to screen time." —Principal

"It's nice having a lesson plan and age-appropriate materials all laid out. Makes the parents' job so much easier." —Homeschool teacher

"Kidstir has completely turned my daughter around and has helped her follow directions, develop patience, and commit to projects. Before she would get frustrated after a few minutes and give up. Now she's so excited to try new things that she forgets her fears." —Mother of three
